Importance: High

Hi Cheryl,

Thanks for sending me one of the emails that you sent to a homeowner with the drinking water sample results for the CSD area sampling event in May. I will be sending you the final data memo that we'll express mail to the 5th homeowner; however, I wanted you to forward you right away these two attachments and request that you send them to the other 4 homeowners via email. The attachments are an April 2018 factsheet from the Wisconsin Department of Health Services as well as the press releases about WI's nitrate sampling effort.

Please let me know if you have any questions.

Best wishes,
Heather
